Essential Functions:

- Drive financial analysis of project performance results and key performance indicators to support decision making. Capture root-cause feedback in time to act effectively vs. lagging variances to budget.
- Set and communicate planning guidelines, assumptions and targets. Ensure teams meet all compliance and financial process and deadlines.
- Drive cost control initiatives and recommend simplification processes that will manage cost on regional projects. Manage purchasing decisions to reduce site costs. Seek alternate arrangements considering total cost for activities.
- Improve visibility by presenting real time variable cost data to Project Management e.g. burn rate vs. plan.
- Prepare monthly regional operations report for Executive Leadership.
- Work with estimating, accounting and finance to help update project budgets and ensure project costs are recorded appropriately.
- Manage and record the regional working fund.
- Proactively build relationships across the organization developing an understanding of the business.
- Create variance analysis from initial project estimates.
- Additional duties as assigned.

Requirements:

- Bachelor's Degree in business, finance, accounting, or similar discipline is required
- 2- to 4 years of experience as a business analyst in a financial systems environment
- Preferred minimum 5 years of experience combination in finance, accounting, project estimating, and / or business. Strong interpersonal skills and higher order thinking numeracy skills are required.
- Strong analytical skills and problem-solving ability
- Self-starter, willing to learn, and capable of managing multiple projects and priorities in a dynamic, fast paced environment
- Excellent skills in planning and organization as well as verbal and written communication

Benefits:

- Competitive salary
- 401(k) program that includes 100% company matching of the first 6% of employee contributions with immediate vesting.
- Employee Stock Purchase Plan (ESPP).
- Annual profit-sharing contributions by the company to participants' 401(k) accounts based on company's annual performance.
- Medical, Dental, Prescription, Life and Disability insurance plans.
