Yard Worker – Cape Girardeau, MO

A Yard Welder performs welding, brazing and metal cutting tasks on pipeline, pipeline fittings, and cuts and fits materials for welding, and is responsible for maintaining welding machinery and equipment. Inspects and maintains welding tools and welding support equipment. When not busy with welding projects, he/she will also perform and assist in routine maintenance such as cleaning, chipping, scrapping, painting, assist with equipment repairs and other activities as directed by the Maintenance Manager/Yard Foreman. The Yard Welder may be called upon to repair, service and maintain hydraulic dredging equipment and utilize various hand and power tools when drilling, cutting, or burning various materials in the course of fabricating work pieces. A Yard Welder will encounter various situations where he/she may be required to crawl under, around, over and through spaces to weld certain structures or repair equipment. Therefore must be agile and able to work in confined areas to effectively perform the work tasks required of a Yard Welder. May occasionally lift work pieces and fabricated items weighing between 51 to 75 lbs. and occasionally carry items weighing 31 to 50 lbs.
